Stair suitability	:	Yes
Widths	:	4 & 5 mtr +/- 1%
Cut length service	:	Yes
Standard rug sizes	:	No
Bespoke rug service	:	Yes

STAINMASTER
carpet®

Stainmaster® carpets feature fibre shield technology which is resistant to virtually any type of food and liquid spills. For a durable, attractive and easy to clean carpet for your home, business or even your yacht a Stainmaster® carpet is the perfect choice.

Matching: This sample may not be from the same dye batch as current stocks and should be used only as a guide. Equal matching between widths cannot be guaranteed.

Installation: Professional installation is recommended and essential to a good quality underlay. Areas that might receive prolonged exposure to direct sunlight should be protected by the use of blinds or curtains.

Cleaning: Professional cleaning recommended.

Maintenance: To maintain your carpets appearance, it is recommended that it is vacuumed at least three times per week.

It should be noted that overtime regular foot traffic will flatten the pile in main walkways, causing areas of differential wear. This can cause the carpet to show areas of light and dark shading, this happens to all quality carpets and would not be accepted as a basis for any complaint.
