Maintenance & cleaning

With the purchase of your ETERNITY® floor you have opted for easy-care flooring. Please follow our advice and your carpet will maintain its appearance for years to come.

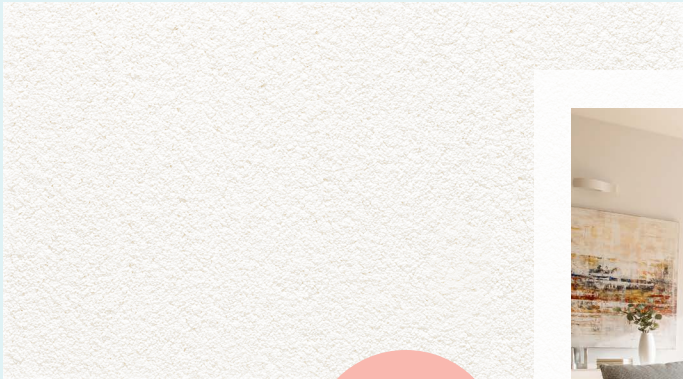

Prevention is better
Place door mats in front of your home entrances to trap the dirt. Bear in mind that a dark colour floor in the entrance area won't show dirt or stains as much as a light one.

Weekly maintenance
Vacuum your carpet at least once a week. We recommend vacuum cleaners with beater-bar or rotating brushes. They raise the pile and remove soil between the yarn.

In-depth cleaning
Every 24 months we recommend a professional in-depth cleaning to preserve the appearance of your floor. Please consult your retailer to find the appropriate method of in-depth cleaning.

BEFORE CLEANING

AFTER CLEANING

Stain removal advice

- 1 Mop up liquids as much as possible with a dry cloth. Remove solid dirt with a spoon.
- 2 Let the carpet dry out.
- 3 If traces of the stain are still visible, apply a carpet cleaning product or diluted bleach (10%) onto the stain. Leave it for a few seconds.
- 4 Gently rub with a clean white cloth and absorb the stain.

LIFETIME STAINSAFE
WARRANTY

Warranty conditions:
We offer a 10 year stain protection warranty on all ETERNITY® floors. This warranty is valid for all stains caused by food and beverage when recommended carpet care and cleaning procedures are used.

Regular carpet care and routine maintenance are essential to maintain your warranty coverage.

It is important that you give immediate attention to any accidental spillages by following the detailed cleaning instructions mentioned above. At least every 24 months, an in-depth cleaning must be performed by a professional carpet cleaning technician. Retain your receipts for proof of maintenance should a warranty claim arise.
