The Comfort Collection

M stands for mille, the Roman number for thousand. The Comfort Collection was inspired by Roman remains, remnants of a once strong empire. Magnificent structures that stood the test of time. Innovative by nature, with new techniques discovered to respond to the rapidly changing needs of Roman society.

Strong, reliable, enduring. Just like M+. Timeless carpets with a pile weight of around 1000 g/m² for exceptional thermal and acoustical comfort. The result? Encouraging wellbeing within productive spaces.
