PURE LINEN 3

Pure Linen 3

Fine, authentic and pure are adjectives that aptly describe the renewable raw materials used to create this collection.

It is not just the fine styling of these textile wallcoverings, which is inherent in the yarn, but also the timeless elegance and versatility of these textile wallcoverings that make them a must-have within the Rasch Textil portfolio. Along with contemporary, new solid shades, this collection's new line offers digital prints on a linen base for the very first time. The murals, much like paintings, fit seamlessly in any interior décor and are truly eye-catching.
