Breathe in, recharge, enjoy nature. From now on you can do this from the sofa. Or from any other favourite place in your home. Because this collection brings us the peace and charm of Mediterranean oases. The focus here is on an array of natural stone motifs in a wide variety of nuances. The palette ranges from soft tones such as sand, apricot, rosé or nude to bold, on-trend colours such as teal, midnight blue or cherry red. Its delicate marbling, finished with a slight shimmer, gives it a chic look. Mix and match with natural designs featuring silvery leaf motifs or sophisticated fabric looks with a vintage vibe. Now now you can just sit back and relax.
