Kerala

A dash of palatial opulence here, a touch of eastern flair there. Bring Indian style into your home. The Kerala collection offers a plethora of sensually soft wallcoverings. Sophisticated materials like brass, dark silver and shimmering mother-of-pearl catch the eye and can be found in various patterns. Whether you're after something modern, ornate or geometrical, everything works beautifully together: straight stripes, finely sketched tropical forests, distinctive check and ornamental Mehndi-style painting. Simply mix and match to your heart's content and let your space shine.
