JAPAN FOR YOUR HOME

Calm, natural and aesthetically pleasing. It's no wonder that we have embraced the Japanese style of living for some time now. The Kimono collection can now bathe your walls in shades of indigo blue, bright red and a wide spectrum of natural tones. Soon we are feeling as if we are enjoying a Japanese tea ceremony, surrounded by clear lines and expressive artwork.

TRADITIONAL AND MODERN

Heron and koi carp, large flowers and fine leaf motifs create an easy transition between traditional art and a contemporary lifestyle. Add to this handmade textile effects such as coarse-woven linen, which create a feel-good atmosphere in keeping with Japanese style. Just take a breath in, hold it and drink your tea in peace.
